The University of Tourism and Hospitality in Gdańsk, Poland, is one of the highest-rated institutions in the HoReCa sector—not only in Poland but also internationally. It offers a wide range of educational opportunities – from bachelor's and master's degree programs, through MBA studies, to specialized courses and training tailored to the needs of today's job market. The offer is designed both for those starting their professional journey and for experienced professionals aiming to enhance their managerial or specialist skills. With a strong focus on practical learning and close cooperation with industry partners, students gain knowledge and competencies that can be applied immediately in their careers. One of the courses that is very popular is:

Smart Hotels and Hospitality Technology

Course description: End-to-end tech for hospitality: BMS, HVAC, lighting and smart rooms, IoT, energy, PMS/CRS, POS, revenue tech, guest apps, AI (service & forecasting), security and GDPR, maintenance/CMMS, project/change, labs and fieldwork.
